approx. 84% PVC compound

approx. 16% PES knitted fabric

Durable

Tearproof

Lightfast DIN EN ISO105-BS02-Stage 6

Abrasion resistant DIN EN ISO 5470-2:>100000 Martindale

Easy to clean

Complies with DGM RAL GZ 430/4

Soft and stretchy

0161-19 IMO FTPC Part 8

Blood and urine resistant

Complies with medical device law DIN EN ISO 10993-5+10

Disinfectant resistant

Flame resistant DIN EN1021-1+2, BS5852IS-0+1, MVSS302

4. Cleaning recommendation

The special feel, special properties and expressive embossing give high-quality skai® upholstery materials their individual character. In addition to extraordinary designs, skai® surfaces are also distinguished by their ease of care.

Remove any stains as quickly as possible with a warm, mild soap solution and a damp cloth. Especially it is recommended to use a standard microfibre or cotton cloth. For heavier soiling use a soft hand brush. The cleaning process may have to be repeated several times. Then wipe off the residues of the cleaning agent with a damp cloth and lukewarm water.

Regular and careful cleaning guarantees long-lasting pleasure with high-quality skai® materials.

5. Product specification dispenser:

Dispenser type: roll paper towel

Material: plastic

Power connection: none

EAN (VE): 05027375050787

Color: 15 standard colors - various color combinations possible

Paper size: roll paper towel

Shape: rectangular

Locking mechanism: key and push button

Dispenser removal mechanism: manual autocut system

6. Packaging details:

Packaging unit: 1

Gross weight (kg): 3.48

Packing material: LDPE

Subpackaging

Net weight (kg): 2.7

Dimensions packaging unit (LxBxH): 44.5 x 31.5 x 30 (cm)
