approx. 85% PVC compound

approx. 15% cotton knit

Material composition:

approx. 80% natural and renewable raw materials

approx. 20% petroleum-based raw materials

BW knitted fabrics certified according to GOTS

Complies with medical device law DIN EN ISO 10993-5+10

Durable

Phthalate-free

Environmentally friendly

Blood - and urine resistant

Lightfast

Complies with toy standard DIN EN 71-3

Tearproof

Disinfectant resistant

Abrasion resistant DIN EN ISO 5470-2:>50.000 Martindale

Easy to clean

Flame resistant DIN EN1021-1+2, BS 5852 IS-0+1

Complies with ÖKO TEX 100

4. Cleaning recommendation

The special feel, special properties and expressive embossing give high-quality skai® upholstery materials their individual character. In addition to extraordinary designs, skai® surfaces are also distinguished by their ease of care.

Remove any stains as quickly as possible with a warm, mild soap solution and a damp cloth. Especially it is recommended to use a standard microfibre or cotton cloth. For heavier soiling use a soft hand brush. The cleaning process may have to be repeated several times. Then wipe off the residues of the cleaning agent with a damp cloth and lukewarm water.

Regular and careful cleaning guarantees long-lasting pleasure with high-quality skai® materials.

5. Product specification dispenser:

Dispenser type: Soap dispenser

Material: plastic

Power connection: none

EAN (VE): 05027375044434

Color: 15 standard colors - various color combinations possible

Format: liquid

Shape: rectangular

Locking mechanism: key and push button

Dispenser removal mechanism: manual push button

EAN (Pack) 5033848032464

6. Packaging details:

Packaging unit: Carton

Gross weight (kg): 0,55

Packaging material: plastic

Subpackaging

Net weight (kg): 0,39

Dimensions packaging unit (LxBxH): 26 x 22 x 13 (cm)

Customs tariff number: 84798997
